

Friends of Scarborough Public Library  
Archive Committee Report  
FY 2015-2016

Over the last three years there have been several of our members who have spent time going through the collected materials of the Friends since its organization in 1970. To this point we have been through most to the files at least once, disposing of multiple copies of many items, and have filed saved materials in archival quality folders and boxes provided by the library. This continues to be a work in progress, but since there are times when life gets in the way of our plans there has been little progress this year. We are hoping that we will be able to get back to work on this project in the near future, as we would like to have all of the saved materials organized and easily accessible to those who are doing research or are searching for something they recall from the past that involved our library and FOSL members.

Respectfully submitted,  
Patricia Marquis (Chairperson)  
Karen Lindholm
